

August Kitchen Board Report

Reported by Eileen Hemmati

Beginning with the Fall Walks we will start using Gordon Foods as the new food service provider. Performance was not able to provide us with items we needed for the weekends along with making several mistakes. This was discussed with Eric Glick who has also given permission.

The Kitchen Operations Manual has also been updated and has been sent to Hillary to post in Resources.

Gwen Hamill, Marlene Bowman and I continue to work on the special needs menu.

For a future board meeting, there needs to be a discussion about supplying food for special diets.
